

# \$15,000 IS REFUSED

## Minister of Interior Declines Bags of Gold.

Formal Tender of Cash for Leased Railway Property—Attorneys Present—The Deal.

C. G. Ballentyne, business manager of the Hawaiian Gazette Company and a reporter for this paper happened yesterday to be witness to the refusal of a Honolulu man to accept \$15,000 in gold. This was in the afternoon, just as the corporal of the guard on the Ewa side of the Executive Building sounded five bells.

Capt. Jas. A. King, Minister of Interior for the Republic, brushed aside the moderate fortune, but for some reason or other was unable to look away. He even sat entirely unconcerned in his big office chair and if he had any regrets did not make them evident. The captain smiled and said very little.

R. P. Dillingham, president of the Oahu Railway and Land Company, promoter of Oahu plantation and similar large undertakings, is the gentleman who made the offer of gold and had it respectfully declined. Everyone knows that Mr. Dillingham likes to pay out money and he was not a little disappointed when he learned it would not be taken on this occasion. However, he perhaps anticipated that the interview would end just as it did.

Two attorneys were present professionally. These were W. A. Kinney for Mr. Dillingham and Alfred W. Carter for the Minister of Interior.

Actually there was more than \$15,000. Messrs. Dillingham and Kinney had three bags with \$5,000 in gold in each and besides that \$5,000 loose. The latter was shown and one of the bags was opened for inspection. All this constituted a legal and formal tender and the conduct of Captain King a refusal that will stand before the law. This proceeding was part of a matter now pending in the Circuit Court and referred to in another column.

The railway wishes to acquire both land and water near the present wharf of the corporation for the purpose of building more landings for ocean going vessels. The corporation took the liberty of going ahead on the lines of the eminent domain act or some like provisions of the statutes. There was a condemnation day before a judge and then a publication for a specified period or number of insertions. The land has been carefully measured and a value placed upon it. The appraisal is considered by the railway people equitable. Now the later and important and delicate phases of the proposed transaction are being reached and the lawyers are having a busy time of it. This land extends on the one side of the present railway wharf clear to the cattle pens. On the other side it runs several hundred feet mauka of the railway wharf. It is a choice and extremely valuable piece and would prove mighty useful to the railway people in their business. They hold now upon it a ten-year lease which has about two years to run. The Government, acting within the terms of the contract of rental had served notice that the lease would terminate for good at the expiration of the ten years unless a wholly new arrangement could be made. Hence the determined effort of the railway company to secure the tract.

### Notice to Ship Captains.

U. S. Branch Hydrographic Office, San Francisco, Cal.  
By communicating with the Branch Hydrographic Office in San Francisco, captains of vessels who will co-operate with the Hydrographic Office by recording the meteorological observations suggested by the office, can have forwarded to them at any desired port, and free of expense, the monthly pilot charts of the North Pacific Ocean and the latest information regarding the dangers to navigation in the waters which they frequent.  
Mariners are requested to report to the office dangers discovered, or any other information which can be utilized for correcting charts or sailing directions, or in the publication of the pilot charts of the North Pacific.

Lieutenant, United States Navy.

### WHARF AND WAVE.

The Mauna Loa brought 200 bags of Hawaii coffee from one shipper. John Gasper sent the consignment from Napoona.

The Bennington left port yesterday for a cruise and target practice with the great guns. She will not be back for at least a week.

Five large ocean steamers all trying to discharge at once makes things hum along the water front and shows how inadequate the dock room is.

The Mauna Loa besides 50,000 feet of lumber takes a pumping plant for Pihalea plantation and a big boiler and smokestack for Honapua mill on her trip today.

A gang of men was put to work on the Kaala yesterday morning tearing away the damaged portion of her hull. She was placed on the dry dock later in the day and the necessary repairs will consume at least a week, as many new timbers will have to be put in.

The Australia came into port Tuesday after a fine trip from San Francisco making the run in 6 days and 17 hours. She had 61 cabin and 22 steerage passengers and 30 bags of mail, besides 1,250 tons of general merchandise. This is the 145th voyage of the old "liner."

The Haw. S. S. Barracouta arrived yesterday morning, 13 days from Nainaimo with a cargo of 1,000 tons of coal consigned to Hackfeld & Co. She

came here to register under the Hawaiian flag which she is at present flying under a provisional register granted her by Hawaiian Vice-Consul Cyril Hopkins at London. On her arrival she anchored off Port street wharf and later in the day was docked at Wilder's wharf next to the Archer where she will discharge her cargo of coal. She brought no passengers and had a rough trip the first ten days.

Roach's ship-yard, at Chester, has begun work on two large iron transports, to cost \$1,000,000, ordered by the Yukon Company, to run between Seattle and St. Michael's. The vessels will be built according to plans already made by the Roach Company. The vessels will be 446 feet long, and will be built to perform the 2,700-mile journey in eight days. Each vessel will have berths for 1,000 passengers, men and women and will carry 3,000 tons of freight. They will be equipped with all modern conveniences. The Roach Company expects to have them completed a month or two before the opening of the Yukon for traffic, about the 1st of June next year.
